WELCOMING MESSAGE

From the Chairperson of ICEBSH 2022

On behalf of the organizing committee of the International Conference on Economics, Business, Social, and Humanities (ICEBSH) 2022, I would like to welcome all delegates who attend this event. Unfortunately, due to the Covid-19 pandemic, for the second time this international conference is being held in hybrid mode: online for all participants and offline from Campus I- Jl. Letjen S. Parman No. 1, Jakarta (attended by a limited number of the committee).

The ICEBSH 2022 is organized by the Institute of Research and Community Engagement, Universitas Tarumanagara, and co-organized by Tunku Abdul Rahman University College, Malaysia, Universitas Trisakti, Universitas Hasanuddin and Universitas Sarjanawiyata Tamansiswa, Indonesia. This conference is also supported by Atlantis Press for publication service in providing the following conference proceeding ‘Advances in Social Science, Education and Humanities Research (ASSEHR)’. There are a total of 344 papers accepted for presentation.

This conference aims to collect various positive thoughts about Economics, Business, Social, and Humanities also related topics. Hopefully, it will be a forum for practitioners, government, academicians, and experts to share and exchange their ideas, thoughts, and experiences related to the topics. Furthermore, we hope this conference can give participants the opportunity to contribute valuable ideas and strengthen the networks among participants from different places, backgrounds, and interests.

We would like to express our gratitude to all individuals and organizations, such as the international editorial board members, the conference organizers, the reviewers, and the authors, for their contribution to this conference. Without their contributions, this conference would never be realized. Our special thank goes to our Keynote Speaker Sebastian Boell, Ph.D. from the University of Sidney, Australia, and the Plenary Speaker Assoc. Prof. Ir. Jap Tji Beng, MMSI., Ph.D. from Universitas Tarumanagara.

We truly appreciate your participation and support for the conference. We hope that you will gather many experiences and benefits from this event.

Finally, we wish you a nice day and enjoy the conference.

Chairperson of ICEBSH 2022

Dr. Eng. Titin Fatimah, S.T., M.Eng.

The COVID-19 pandemic has forced us to quickly adapt to inevitable changes in the world. The reinvention and development of information technology are key factors that we need to focus on to achieve this goal. To be able to gain the best results, we need to collectively expand our knowledge and experiences regarding information technology; thus, the need of a collaboration.

This conference is intended to be an exchange and dissemination activity for academics. From last year we are able to facilitate collaborations in engaging the new opportunities for our academic and society development.

FOREWORDS

From the Rector of Universitas Tarumanagara

Ladies and Gentlemen, I am very pleased to address the International Conference on Applied Science, Technology, and Engineering (ICASTE) 2022 and International Conference on Economics, Business, Social, and Humanities (ICEBSH) 2022. This year's conferences come with a completely different condition because of the Covid-19 pandemic. The condition has impacted our lives and activities. We witnessed the difficulties of dealing with the preparation and organization of the conferences, so everything must be executed through an online system. Therefore, I am pleasantly surprised to find the enthusiasm and great interest in joining these events, evidenced by the big number of participants. This is a clear signal that the pandemic does not discourage us and hamper our spirit from developing ourselves.

Ladies and Gentlemen, the theme of ICASTE is Sustainable Planning for Natural Environment and Human Living to Face the Challenges of Climate Change, and the theme for ICEBSH is The Usage of Information and Communication Technologies (ICT) in Developing the Competent Human Resources, are not just relevant and important, but also necessary. The goals of these events are to provide a forum and facilitate the exchanges of knowledge and experiences of both practitioners and academicians in their respective fields, namely social science, humanities, technology, and engineering. ICASTE and ICEBSH are also great opportunities to discuss how social science and technology can contribute to solve problems that emerged throughout the Covid-19 pandemic that affected every sector of our lives.

I would like to express our immense gratitude to Tunku Abdul Rahman University College (TARUC) of Malaysia, Universitas Trisakti, Universitas Hasanuddin, and Universitas Sarjanawiyata Tamansiswa for their contributions to the conferences. Also, I would like to thank Prof. Kiyoko Kanki, Department of Architecture and Architectural Engineering, Kyoto University, Japan; Prof. Ir. Dr. Mohd. Sapuan Salit, Department of Mechanical and Manufacturing Engineering, Faculty of Engineering, Universiti Putra Malaysia, Malaysia; Sebastian Boell, Ph.D., Department of Business Information Systems, University of Sydney, Australia; Assoc. Prof. Ir. Jap Tji Beng, M.M.S.I., Ph.D., Universitas Tarumanagara, Indonesia for being keynote speakers in ICASTE 2022 and ICEBSH 2022.

I am also greatly thankful to the Institute of Research and Community Engagement of Universitas Tarumanagara, especially the organizing committee, for their hard work, dedication, and commitment, making these conferences successfully possible

Just before I finish my opening remarks, I would like to express my desire for collaboration between my university, Universitas Tarumanagara, and other institutions in a range of areas including academic visits, joint teaching programs, joint research

activities, exchange of academic materials, exchange of undergraduate and graduate students, and any other areas that could be of mutual benefit. We are open for collaboration.

So, ladies and gentlemen, thank you for giving me this opportunity to address you all, and once again, welcome to ICASTE and ICEBSH 2022. I am looking forward to a very productive few days. Thank you.
